GATES MEGASYS MXG 5K HYDRAULIC HOSE

Designed with modern use and application in mind, the **Gates Megasy MXG 5K hydraulic hose** is incredibly **light, flexible, and easy to install**.

The **Gates MXG 5K hose** has been engineered to **withstand operating temperatures up to 121°C** and tested with **GS couplings** to surpass **1 million impulse cycles**, exceeding **ISO 18752 350DC** and **SAE 100R13** specs.

**NEW
PRODUCT!**

GATES LIFEGUARD HOSE PROTECTION SLEEVES

As an official **Gates distributor**, **Flotec** can supply **Gates LifeGuard Sleeves**, used as a **hose guard to protect operators, equipment and the environment**.

Gates LifeGuard Sleeves provide fluid containment up to **70 MPa bursts** and **pinhole leaks up to 35.0 MPa**. Correlates to **ISO 3457** and **meets MSHA flame resistance**.

Features:

- The LifeGuard clamping system allows the fluid to safely escape down the length of the assembly.
- Provides containment up to 10,000 psi burst or pin hole leak.
- Creates a noticeable spill for hose failure detection.

GATES MED-HT MEDIUM PRESSURE HOSE

The **MED-HT hose** has been engineered to **withstand operating temperatures up to 150°C!**

International standards for hydraulic hose assemblies state they must pass 200,000 cycles as standard, Flotec hoses are **tested to 600,000 impulse cycles** making the life of the product **three times longer** than other hose products on the market.

The **Gates MegaCrimp** uses a patented **coupling innovation** which benefits from **revolutionary technology** to **guarantee a leak-free solution**.

GATES EXHI HIGH PRESSURE HOSE

The **EXHI high pressure hose** is ideal for **extremely high pressure and impulse hydraulic applications**, such as **hydrostatic transmissions**, up to **420 Bar**.

Tested to **1,000,000 impulse cycles** and has a **temperature range of -40°C to +121°C** with **additional extreme temperatures** being available.

The **Gates Global Spiral Couplings** have been **specifically designed for spiral-wire hoses** such as the **EXHI high pressure hose**.

FREE ON-LOAN CRIMPER*

REDUCE MACHINE DOWNTIME AND SAVE COST ON EXPENSIVE MOBILE VAN CALL OUT CHARGES.

Benefits:

- **Free Crimper training and certification** for your operators
- **Safe hydraulics** courses available
- **Easy-to-make**, factory standard hose assemblies
- Gates hoses **last up to 3x longer** than others
- Comprehensive, **fully tested crimp data**
- **24/7 availability** - no call out charges or delays
- **Proven cost savings** - return capital expenditure within months
- **Low maintenance grease-free machinery**

* Terms and conditions apply. Subject to an initial stock order and regular spend. Service/calibration charges apply. Call 01509 230100 for more information.
