# Our Services

## Service Counter

A counter service is available - hoses made while you wait.

## Flotec-Search

Try us for products and parts not listed in our catalogues. We have a supplier base of more than 1500, meaning we can assist with most requirements.

## Saturday Service

We are open 8.30am to 12.30pm on Saturday to cover weekend requirements.

## Technical Advice

We offer technical advice on many applications. Contact our sales team today to find out more.

## Account Facilities

Monthly accounts can be opened quickly, please ask for details. We also accept Visa, Mastercard and company purchase cards.

## On-Site Services:

**Surveys • Installations • Identification • Service & Repair**

# Premium Gates Hose Products

## Gates hoses are made to last

- The full nitrile inner tube resists even the most aggressive oils.
- The tough standard hose cover gives you unparalleled abrasion resistance.
- For the harshest conditions, XtraTuff™ and MegaTuff™ covers give 25x and 300x greater abrasion resistance respectively.

## Superior flexibility offers more compact assemblies and easier routing

- Gates hose are the ideal choice for tight, tortuous applications.
- Designed to deliver superior performance at incredibly tight bend radii.
- Manufactured to need minimal bend force.

## Secure leak-free hose assemblies

- MegaCrimp®'s advanced tooth profile bites the wire without compressing the hose's outer cover, offering the most secure leak-free assembly money can buy.

## Save time with no-skive

- The Gates hose/coupling solution is no-skive, reducing the risk of contamination to your assemblies.
- No-skive assemblies also resist moisture better.
- A more efficient assembly process saves you time and money.

## Reliability built in as standard

- Gates assemblies can withstand impulse testing to 600,000 cycles and will work safely beyond a million cycles.
- They are tested above and beyond all international standards.
- Their proven long life can cut your equipment downtime by as much as 70%.

# OEM Kitting Supply

Flotec Industrial has received the prestigious award, Gates Hydraulic OEM Partner. This marks the significant high quality production of hydraulic hose assemblies and kits for the original equipment market. We supply several major manufacturers and service repairers in the construction, rail & passenger transport industry

- Stringent ISO Manufacturing Process
- Pressure Tested
- Clean to ISO Standards
- Returnable packaging to reduce environmental impact
- Fully traceable identification labelling system
- Bespoke component supply available to individual customer specification

# Premium Gates Hose Products

## Innovative Hose Crimping System

Gates Hydraulics Ltd, the world leading manufacturers of hydraulics hose have re-invented the hose end fittings with the innovative Megacrimp coupling.

The secret to Megacrimp's performance is the unique and patented "C" insert. This hydraulic coupling is a major breakthrough in the hydraulic hose market. During the swaging process only the outside shell of the couplings takes on the distortion of the swaging dies. The squeezed internal "C" insert evenly distributes the swaging force to form a concentric seal. There are no rippled polygon leak paths, which can lead to oil leaks. This creates a completely leak free hose/coupling connection.

## Make Your Own Hoses

**REMOVE EXPENSIVE MOBILE HOSE VAN CALL CHARGES, AND REDUCE POTENTIAL DOWNTIME.**

Flotec will loan you a Gates self-assembly machine for FREE – all you have to do is buy the hose and fittings to be used with the machine\*.

Our self-assembly machinery ranges produce factory guaranteed hose assemblies, and are available with free training and site surveys.

### Also available:

- FREE site survey to provide a relevant stock package to cover machine requirements
- Yearly service and calibration from our site engineers
- Binning and stocking service
- Cutting Equipment
- Multiple packages for multi-site use

\*Terms and conditions apply. New customers only.  
Subject to an initial stock order and regular spend.  
Service/calibration charges apply.  
Call 01509 230100 for more information.

### Benefits

- FREE Gates Safe Hydraulics training and certification for your operators
- Easy-to-make, factory standard hose assemblies
- Gates hoses last up to 3x longer
- Comprehensive, fully tested crimp data
- 24/7 availability - no call out charges or delays
- Proven cost savings - return capital expenditure within months
- Low maintenance grease-free machinery

**Call 01509 230100 to find out more on how to get a FREE Gates crimper loan.**

# Stainless Steel PTFE Lined Flexible Hose

Flotec are appointed distributors for the world-leading manufacturer of PTFE lined flexible hoses, for the transfer of process fluids in pharmaceutical and chemical plants. The revolutionary Hyperline FX combines the flexibility of the traditional convoluted PTFE whilst keeping a full smooth bore, which is a unique product in the market.

We can supply to industrial markets, such as solvent transfer and high temperature compressed air, through to pharmaceutical markets, such as high specification process hoses.

These products are available from stock, along with various end terminations in both mild and stainless steel.

**BIOFLEX®**

**PHARMALINE®**

**CORROLINE®**

**CORROFLON®**

**HYPERLINE FX®**

**SMOOTHBORE**

## Pipeline Supplies

Flotec is a key supplier to installation contractors through to blue chip pharmaceutical companies for pipe, fittings, flanges valves and associated products. We are able to meet the requirements of the latest specifications, and deliver pipe work packages to site on time, competitively priced.

**Available in malleable iron, plastic, wrought iron, mild steel and stainless steel.**

- **Tube** - Threaded, weld, seamless, and hygienic
- **Fittings** - Screwed, weld, capillary and compression
- **Flanges** - Screwed and weld
- **Valves** - 2 way/3 way, manual/actuated, ball, gate, butterfly, globe, knife relief, non return and diaphragm

**GEMÜ®**

**+GF+**

**FLOWSERVE®**

**bürkert**

**CRANE®**

**Hattersley™**

# Pneumatics

We supply all leading brands of pneumatics such as Norgren, SMC, Camozzi, Haitima, JG, Airpro, and Kelm.

Products we supply include:

- Haitima 150lb 316 Pipe Fittings & Flange
- JG Speed Fit & Fast Track Tube & Fittings
- P.V.C Hose
- Brass Hose Tail Adaptors
- Kelm Nylon Tube
- Kelm One Touch Plastic Push-in Fittings
- Airpro/Aignep Valves
- Kelm Nickel Plated Brass Adaptors
- Kelm PU Tube & Recoil Hoses
- Ball Valves

We supply thousands of pneumatic products so we can assist with most requirements.

## Industrial Hose Specialists

Flotec have over 20 years experience in the industrial hose market, and carry extensive stocks to cover a variety of applications and industries.

Our hose products can be supplied loose or assembled with either clip, clamp strapped or swaged on ends.

A full range of connections are available in various materials.

Hose materials can be supplied in Rubber, PVC, Nylon, Composite, Polyurethane, Silicone, and many more.

### Applications

- Compressed air
- Fuel and oil
- Hot water and steam
- Water and slurries
- Acid, chemical and multi-purpose
- Ducting and ventilation
- Gas and welding
- Bulk foods and liquids

# Comprehensive Hydraulics and Pneumatics Catalogue

With over 60,000 product lines, our fully illustrated priced catalogue is a must for the buyer, designer and maintenance engineer. Over 90% of the catalogue is available for next day dispatch and competitive discounts are available.

## Tools and P.P.E

Flotec offer a complete range of head to toe P.P.E bespoke work wear and corporate clothing is available, along with an embroidery and heat impress service. We also distribute many leading tool brands including Draper, Metabo, Sealey, Makita and Bosch.

- High visibility work wear
- Boiler suits
- Food industry work wear
- Disposables
- Helmets, bump caps, face screens and glasses
- Ear defenders and plugs
- Footwear

## Order Online

**Contact your Account Manager today to request access to your online account.**

- Order by 10pm on our website and receive most goods next UK working day.
- Bespoke pricing displayed when logged in or buy as a guest user.
- View orders, back orders, balance and order history.
- Monitor account spends.
- Upload spread sheets for a quick and easy order process.
- See our full range of current stock.
